

# Dr Bike Day

## February 2022

Following our successful Bike Library back in September, we are coming back to South Killingholme Community Centre for a Dr Bike session.

Our cycle mechanic will be coming down on Monday 14th February from 11am-3pm to conduct **FREE** services or minor repairs on your bicycles.

Wheel or cycle your bike down and we will do what we can to get it back into safe working order, anything we can't do will be given an advice form.

Our mechanic will fix as many bikes as possible during this time. They will work on a first come, first serve basis.

Thank you!
