## **South Killingholme Parish Council**

## **Annual Governance and Accountability Internal Audit Report 2024/25**

## Findings & Recommendations:

- There is no Notice of Exercise of Public Rights for 2023/24 on the website.
  - The Assertion 4, on the Annual Governance Statement approved by Council on 7/4/25, should therefore be **NO** not Yes

The External Audit Certificate 23/24 also states "We note that the smaller authority did not comply with Regulation 15 of the Accounts and Audit Regulations 2015 as it failed to make proper provision during the year 2024/25 for the exercise of public rights, since the approval date was after the start of the period for the exercise of public rights. As a result, the smaller authority must answer 'No' to Assertion 4 of the Annual Governance Statement for 2024/25 and ensure that it makes proper provision for the exercise of public rights during 2025/26."

- As per the LGA1972, and following Standing Orders, the appointment of the Chairman should be the first agenda item at the Annual Council Meeting
- I cannot see anything in the minutes relating to discussions on the budget for the following year, or resolution of the precept. This must be recorded.
- Some missing minutes and an agenda need uploading to the Council's website
- Consider national recommendations to have a ".gov.uk" email address as there will be an audit requirement next year
- Amend Data Protection Policy on the website as the NALC Legal Topic Note 38 is uploaded, not a policy
- For transparency have the budget on the website
- For transparency and to show compliance with Financial Regulations for contracts put more information in the minutes
- The Council needs to review its Standing Orders and Financial Regulations as there are new Model documents

• Section 137 and VAT should be recorded appropriately

There will be a new Assertion 10 than cannot be answered yes without one.  The importance of using .gov.uk domains for websites and emails 1 All Parish, Town and Community Councils are eligible to use, and are advised to use, a .gov.uk domain for their websites and email communications. Your community, suppliers and partners will now reasonably expect a local council to have a .gov.uk domain name. Note that Parish meetings are exempt from the requirement to have a website.  2 To assist with compliance with the General Data Protection Regulations (GDPR), it is advised that clerks provide official .gov.uk email accounts to their councillors, which must only be used for official council business.  3 When choosing a domain name all councils must follow the rules set out by the Cabinet Office to choose a |

.gov.uk domain name, for example, 'ourparishcouncil.gov.uk' with email addresses linked to that domain.

- 1 Using a .gov.uk domain for your council website and email accounts gives Parish Councils the following advantages:
- 2 Increased professionalism and trust from members of your community, partners and suppliers because your email address and website domains are a trusted government brand.
- 3 Separation of your personal life from your professional life, ensuring members of your community, partners and suppliers understand what capacity you are emailing them in whether a Councillor or Clerk.
- 4 Increased control for the Responsible Officer over email accounts and documentation when managing new joiners, leavers, sudden absences or Freedom of Information and Subject Access Requests.
- 5 Peace of mind that your .gov.uk Parish Council domain will never be sold to someone else if it is not renewed on time, which can happen with .co.uk, .org.uk and other commercial domains.
- Additional security measures, as all .gov.uk domains are checked for any cyber vulnerabilities by the Cabinet Office and reported to the Responsible Owner, or your technical point of contact, so they can be fixed.
- 7 You can read more about the benefits of getting a .gov.uk domain on the GOV.UK website.
